The parts and hardware below have been included for assembly:

			
(A) windshield x 1	(B) front cover x 1	(C) side mirrors X2	(D) Handle Bars x 1
			
(E) Fender x 1	(F) Wheel x 1	(G) Body x 1	(H) Dash x 1
			
(I) Mount x 1	(J) Trunk x 1	(K) Seat x 1	(L) Hardware x 1
			
(M) Fender hardware X2	(N) Charger X1	(O) Siren X1	

ASSEMBLY STEPS:

1

Connect **windshield** to the **front cover**
Use 2 small screws to tighten.

2

Connect the **side mirrors** to the **front cover** as shown. Use 2 small screws to tighten. Repeat for opposite side.

3

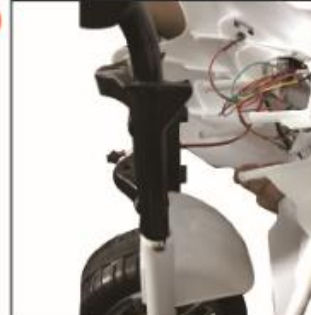

Attach **Fender** to the **Handle Bars**. Use 2 small screws to tighten on the back.

4

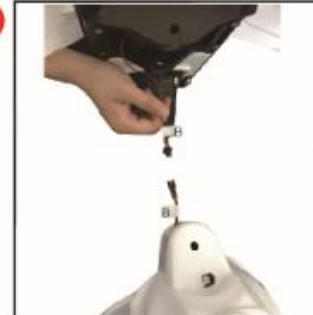

Connect the **Wheel** to the **Handle Bars**.

5

Connect the **Handle bars** to the assembled **front cover** as shown in the photo. Pull wires through the square opening as shown.

6

Connect wires with matching label "B" to each other.

7

Attach the assembled **front end** to the Body as shown.

8

Use large bolt to tighten.

9

Screw Trunk on the Trunk Mount using two small screws.

10 Connect wires with matching label "C" to each other.

11 Attach trunk piece to the back of the bike.

12 Ensure battery wires are connected, then snap on the seat to cover the battery compartment.

13 Press the pedal to move. Have Fun!

WARNING:

Manufacturer and seller expressly disclaim any and all liability for personal injury, property damage or loss, whether direct, indirect, or incidental, resulting from the incorrect attachment, improper use, inadequate maintenance, or neglect of this product.

If not in use, don't leave the motorcycle outside. Always store indoors.

For battery maintenance, please charge once every several days even if it is not in use.

When the motorcycle is driving slower than normal, please charge the battery.

It contains small parts
