INSTRUCTION MANUAL

Ride-On Truck with Remote

SKY2856 + SKY2857 + SKY2858 + SKY5164 + SKY5165 + SKY5166
Charge for **12 hrs** before initial use.

After initial charge, follow the normal recommended charging time.
Before assembly, remove the rear axle from under the ride-on.

This is step 1 of the instructions.
This vehicle must be assembled by an adult who has read and understood the instructions in this manual. Keep the packaging and bags away from children and dispose of all packaging before use. Always use common sense and safe practices when operating this vehicle. This product contains or emits chemicals known in the state of California to cause cancer or birth defects or other reproductive harm.

**NOTE:** For best performance, only use this vehicle on flat and hard surfaces.

**Age Range:** 3 to 8 years old

**Weight Capacity:** 65 lbs.

The following safety hazards may result in serious injury or death:

- This product contains small parts. Keep children away during assembly. Make sure to remove all packaging material and parts from underneath the vehicle body.

- Never open the battery. Batteries contain lead and lead compounds (acids) that are toxic and corrosive, and known to the state of California to cause cancer and reproductive harm.

- Limbs, hair, and clothing can get caught in moving parts. Always wear shoes, keep limbs away from moving parts, and do not wear loose clothing while operating this vehicle.

- This vehicle does not have brakes or braking capability. Do not leave a child unattended during operation. Do not use this in a location that may require braking capability, as this could result in loss of control, which may cause serious injury or death.

- Use of this vehicle near streets, motor vehicles, steps, bodies of water, sloped surfaces, hills, wet areas, flammable vapors, in alleys, at night, or in the dark could result in an unexpected accident.

- Use of this vehicle in unsafe conditions such as snow, rain, loose dirt, mud, sand, or gravel may result in an unexpected accident such as tipping over, and could damage the electrical system or battery.

- Do not operate this vehicle in an unsafe manner. Examples include but are not limited to:
  - Pulling the vehicle with another vehicle or similar device
  - Allowing more than one rider
  - Pushing the user
  - Traveling at an unsafe speed

The following safety warnings may result in serious injury or death:

- Use of a battery or charger other than the supplied 12V rechargeable battery and charger may cause a fire or explosion. Only use the supplied battery and charger.

- Use of the 12V rechargeable battery and charger for any other product may result in overheating, fire, or explosion. Never use the supplied rechargeable battery and charger with another product.

- Explosive gases are created during charging. Charge the battery in a well-ventilated area. Do not charge the battery near heat or flammable materials.

- Contact between the positive and negative terminals may result in fire or explosion. Avoid direct contact between the terminals. Picking up the battery by the wires or charger can cause damage to the battery and may result in a fire. Always pick up the battery by its case or handles.

- Liquids on the battery may cause fire or electric shock. Always keep all liquids away from the battery and keep the battery dry. Contact or exposure to battery leakage (lead acid) may cause serious injury. If contact or exposure occurs immediately call your physician. If the chemical is on the skin or in the eyes, flush with cool water for 15 minutes. If the chemical was swallowed, immediately give the person water or milk. Do not give water or milk if the patient is vomiting or has a decreased level of alertness. Do not induce vomiting.

- Battery posts, terminals, and related accessories contain lead and lead compounds (acid) – chemicals known to the State of California to cause cancer, reproductive harm, and are toxic and corrosive. Never open the battery.

- Tampering or modifying the electric circuit system may cause a shock, fire or explosion and permanently damage the system. Exposed wiring and circuitry in the charger may cause electric shock. Always keep the charger housing closed.
To reduce the risk of injury, adult supervision is required. Never use on roadways, near motor vehicles, on or near steep inclines or steps, swimming pools or other bodies of water; always wear shoes, and never allow more than one rider.

- Never leave a child unattended.
- Always sit in the seat when using this vehicle.
- Keep your hands, hair, and clothes away from moving parts.
- Children under 3 years of age cannot use the vehicle.
- Only drive on level ground.
- Do not drive the vehicle into loose dirt, mud, sand, fine gravel, or on wet surfaces.

- **BAR LIGHT**
- **FRAME**
- **REAR AXLE**
- **REAR WHEEL**
- **FRONT WHEEL**
- **M4 x 12mm SCREW**
- **M3 x 12mm SCREW**
- **M4 x 16mm SCREW**
- **SPRING**

**ASSEMBLY REQUIREMENTS**

- 1 PC 12mm SCREW
- 1 PC 16mm SCREW
- 2 PCS 12mm SCREW
- 2 PCS 16mm SCREW
- 6 PCS 12mm SCREW
- 2 PCS 16mm SCREW
- 2 PCS SPRING

**ASSEMBLY TIME**

Approximately 1 hour
1 Flip the vehicle over and lay it on a level surface. Remove the brackets holding the part A rear axle, then remove the axle.
Remove the nuts and washers from the rear axle.

2 Remove packaging from gear boxes and lift up the rear shocks. Line up the gear boxes with the shocks, then slide the part A rear axle through.
Slide a part B rear wheel onto the axle and replace a nut and washer to secure the wheel. Repeat on the other side.

Snap a part D hub cap onto each wheel.

Attach the part Q bumper with six part 3 screws.
Remove two nuts from the bottom of the part K front axle. Slide two part 4 springs onto the part P axle frame.

Attach the springs and axle frame to the front axle by replacing the two nuts.

Remove the nut and washer from the steering column. Slide the front axle assembly onto the steering column and secure it by replacing the nut and washer.

Place the front axle assembly into the designated slots and secure it with eight part 1 screws, four on each side.
Remove two nuts and washers from the front axle.

Slide a part C front wheel onto the axle and replace a nut and washer to secure the wheel. Repeat on the other side. Snap a part D hub cap onto each wheel.
Join the connector from the part L steering wheel to the corresponding connector in the steering mount, then snap the steering wheel into place.

NOTE: To remove, compress buttons on the sides of the steering wheel.

Secure the part G hook to the rear of the vehicle with two part 1 screws.
10

Insert the two part E frame pieces into the designated holes on the rear of the vehicle.

11

Slide the part F bar light into the holes located on the frame pieces and secure it with two part 2 screws.
12 Snap on the part H windshield.

13 Snap on two part I side mirrors.
Attach the part J seat with two part 1 screws.
Slide the two part M front reflectors onto the front of the vehicle and they will snap in place.

Under the hood, insert the connector into the corresponding input on the control module.
MP3 FUNCTIONS

- **USB port**: play music from a USB drive
- **AUX input**: plug in a music player to play music
- **TF (MicroSD) port**: play music from a MicroSD card
- **||**: play/pause music
- **|V+:** short press to play to the next song, long press to increase volume
- **|V−**: short press to play the previous song, long press to decrease volume
- **MODE**: press to toggle between USB, MicroSD, FM radio, and AUX input
- **FM Radio**: press the || to automatically seek a radio station. Press the |V+|V− to seek the next radio station. Press the |V−|V− to return to the previous radio station

DASHBOARD DIAGRAM

- **POWER SWITCH**
- **BATTERY CHARGING SOCKET**
- **LIGHT SWITCH**
- **PEDAL**
- **FORWARD: DRIVE FORWARD**
- **PARK: PARK VEHICLE**
- **REVERSE: DRIVE IN REVERSE**

Push down on the pedal to drive forward/reverse. Release the pedal to slow down and stop.
REMOTE CONTROL DIAGRAM

- Insert 2 AAA batteries into the remote control.
- After 10 seconds of non-operation, the indicator light will turn off and the remote will go into power-saving mode.

**Linking the remote control:**
1. Press and hold the frequency key for 2 to 4 seconds. The low speed LED lights will flash.
2. Turn the vehicle on. The low speed LED lights will stop flashing and remain on to indicate a successful link.
3. If the low speed LED lights continue to flash (indicating an unsuccessful link), remove the battery on the remote and repeat steps 1 and 2.

CHARGING INSTRUCTIONS AND WARNINGS

- Charging socket is located under the dashboard on the left side. Insert one end of the part O charger into the charging socket and plug the other end into a wall outlet (see Dashboard Diagram).
- Charge the battery at least 12 hours before initial use.
- On average, you will need to charge the battery between 8 and 12 hours. Do not charge the battery for more than 20 hours. Failure to charge the battery as directed could cause permanent damage to the battery and void the warranty.
- Damage to the battery may occur if it is allowed to drain completely. Do not allow the battery to drain completely.
- Check the battery and charger (supply cord, connector) for wear and damage before charging.
- Do not charge the battery if damage has occurred.
- Only an adult who has read and understood the safety warnings should handle, charge and recharge the battery.

CARING FOR YOUR RIDE-ON

- Park the vehicle indoors or cover it with a tarp to protect it from wet weather.
- Do not leave the vehicle in the sun for long periods of time or fading may occur. Store in shade or cover with tarp.
- Do not wash the vehicle with a hose.
- Do not wash the vehicle with soap.

### FCC COMPLIANCE STATEMENT

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This product may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

WARNING: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

**Responsible party (contact for FCC matters only):**  
Quality Control Dept.  
5642 Ontario Mills Parkway  
Ontario, CA 91764
All items can be returned for any reason within 60 days of the receipt and will receive a full refund as long as the item is returned in its original product packaging and all accessories from its original shipment are included. All returned items will receive a full refund back to the original payment method. All returned items will not be charged a re-stocking fee.

All returned items require an RA (Return Authorization) number, which can only be provided by a Best Choice Products Customer Service Representative when the return request is submitted. Items received without an RA may not be accepted or may increase your return processing time. Once an item has been received by Best Choice Products, refunds or replacements will be processed within 5 business days.

All returns must be shipped back to the Best Choice Products Return Center at the customer’s expense. If the reason for return is a result of an error by Best Choice Products then Best Choice Products will provide a pre-paid shipping label via email. Boxes for return shipping will not be provided by Best Choice Products, and is the customer’s responsibility to either use the original shipping boxes or purchase new boxes.

Pictures may be required for some returns to ensure an item is not damaged prior to its return. Items returned are not considered undamaged until they are received by Best Choice Products and verified as such. All damages to items are the customer’s responsibility until the item has been received by and acknowledge by Best Choice Products as undamaged.

**WARNING**

Manufacturer and seller expressly disclaim any and all liability for personal injury, property damage or loss, whether direct, indirect, or incidental, resulting from the incorrect attachment, improper use, inadequate maintenance, or neglect of this product.
